

Outdoor Outlet Cover

CommScope announces new universal outdoor outlet cover, available globally. The universal opening design allows CommScope M series, SL series and KJ series (with adapter) jacks to be installed in the same port. A universal outdoor outlet cover makes managing inventory easier.

Design Features:

- Universal opening: Used both with M and SL series modular information jacks. Also used with KJ series jacks with an adapter.
- Waterproof and dustproof, IP67 rated
- UV-resistant plastic for enclosure and cover
- Clear cover design
- 2 ports option

General Availability: December 25, 2021
