## UNJ600T Series Jacks - Design Change

(NAR)

CommScope will be making a design change to the insulation displacement connectors (IDC) to harmonize across the UNJ-T jack families. The IDC will now have angled IDC slots instead of the current straight IDC slots.

Current UNJ600T

New UNJ600T

There will be some minor cosmetic changes to the look of the product. The performance, fit and form remains unchanged.

Due to this change, we will discontinue the current UNJ600T jacks. Last time buy orders will be accepted until Nov 30<sup>th</sup>, 2024, working with inventory on hand until stock is depleted. All orders will be handled on a FiFo basis.
