

Reel-less Box Package Option For Cat6A Small Diameter Cables

North America / CALA

We are thrilled to announce the launch of our reel-less box package for select Category 6A “small diameter” cables. Designed with user convenience and efficiency in mind, this additional packaging solution enhances the available options End-Users may deploy to support their cabling installations.

Key Features

- **User-Friendly Design:** our reel-less box package is easy to carry, stack, and store, making it the perfect choice in any setting.
- **Proven and Reliable:** engineered for faster, more efficient, and tangle-free installations, this package ensures that your work is always smooth and hassle-free.
- **Time and Labor Saving:** by streamlining the installation process, our reel-less box package helps you save valuable time and reduce labor costs.
- **Space-Saving and Compact:** the package breaks down flat effortlessly to save space once the cable is removed and the job is finished, making it convenient to remove and dispose of.
- **Eco-Friendly:** our package is not only compact but also recyclable, contributing to a more sustainable environment.

Our new reel-less box package provides unparalleled convenience and efficiency to your projects.
